

**ATTENTION:  
PARENTS GRADES 5-8  
GRADEBOOK WIZARD  
UPDATE**

St. Mary's will be switching from GradeBook Wizard.com to the Diocese of Camden's gradebook site powered by Churchwerks. During the transition period, which should take approximately one month, you will still be able to access gradebookwizard.

Each parent will receive their own unique user ID and Password for their family. Once logged in, you will see a list of the names of all your currently enrolled students. At this time, parents will only have access to the grades of their children enrolled in grades 5 through 8.

As a parent, you will be able to access your child's assignment grades, attendance and their overall grade for their different courses throughout the marking period. You can access the Churchwerks site from any PC or MAC with Internet access and you will be able to review your child's grades for the past month, past three months, or any previous semester.

Please do not hesitate to contact Jana Duquette, our Technology Director, at school for additional information and help. If you misplaced your login name and password, please call the school office.
